EDUCATION

University Institute of Engineering and Technology, MDU

2022 – 2026

B.Tech - Computer Science and Engineering — CGPA: 8.2

Rohtak, Haryana

PROFESSIONAL SUMMARY

Computer Science student with strong knowledge of **Data Structures, Algorithms, and Object-Oriented Programming**. Experienced in **full-stack web development using the MERN stack**. Skilled in building scalable backend services, designing **RESTful APIs**, and developing responsive web applications using modern frontend technologies.

TECHNICAL SKILLS

Languages: C++, JavaScript

Frameworks/Technologies: HTML5, CSS3, Tailwind CSS, React.js, Node.js, Express.js

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, VS Code, Postman, Vercel

Operating Systems: Windows, Linux

EXPERIENCE

Frontend Web Development Intern

June 2025 – Aug 2025

IBM SkillsBuild Internship Program — CSRBOX

Remote

- Worked on real-world frontend development projects using **React.js**, HTML, CSS, and JavaScript.
- Collaborated with team members using **Git and GitHub** for version control and code management.
- Participated in **Agile meetings** to discuss application architecture, sprint planning, and feedback.
- Developed responsive UI components and enhanced existing features for better user experience.
- Reviewed code, fixed bugs, and contributed to improving application functionality and performance.

PROJECTS

GreenCart Grocery Application | MERN, Stripe

2025

- Built a full-stack grocery e-commerce platform using **React.js**, **Node.js**, and **MongoDB**.
- Integrated **Stripe Payment Gateway** to enable secure checkout and payment processing.
- Developed RESTful APIs for product listing, cart management, and order processing.
- Implemented responsive UI and optimized application performance for seamless user experience.

AI Resume Builder | MERN, OpenAI API

2025

- Developed a resume builder platform with full **CRUD functionality** for managing user resume data.
- Integrated **OpenAI API** for AI-based resume content generation and suggestions.
- Implemented dynamic **React-based templates** for real-time resume preview and customization.
- Enabled export functionality for generating professional resumes in downloadable formats.

CERTIFICATIONS AND ACHIEVEMENTS

Google Cybersecurity Professional Certificate (Coursera)

Solved **200+** **LeetCode problems** and actively practice Data Structures and Algorithms.

Completed **Data Structures and Algorithms Course** from Physics Wallah.
